

Ellenbarrie Industrial Gases Ltd

Company Information

"Incorporated in 1973, Ellenbarrie Industrial Gases Limited (EIGL) is an Indian company specialising in the production and supply of industrial, medical, and speciality gases. The company provides essential gases such as oxygen, carbon dioxide, acetylene, nitrogen, helium, hydrogen, argon, and nitrous oxide. EIGL also offers dry ice, synthetic air, fire-fighting gases, medical oxygen, liquefied petroleum gas (LPG), welding mixtures, and specialty gases, serving a wide range of industries. Services: EIGL offers project engineering services, leveraging technical expertise to design, install, and commission tonnage air separation units (ASUs) on a turnkey basis. The company also provides medical gas pipeline solutions, assisting healthcare facilities with installing, operating, and maintaining their systems. Additionally, EIGL supplies medical equipment such as anesthesia workstations, ventilators, spirometers, sterilizers, bedside monitors, and lung diffusion testing machines."
