## Enviro Infra Engineers Ltd

### Company Information

Enviro Infra Engineers Limited was established in 2009 and is engaged in the design, construction, operation, and maintenance of water and Waste-Water Treatment Plants (WWTPs) and water supply projects (WSSPs) for government agencies/entities. WWTPs include Sewage Treatment Plants (STPs), Sewerage Schemes (SS), and Common Effluent Treatment Plants (CETPs) while WSSPs include Water Treatment Plants (WTPs) along with pumping stations and the laying of pipelines for water supply. The company participates in tenders floated by state governments and ULBs for developing WWTPs and WSSPs on an EPC or HAM basis. Till June 30, 2024, the Company has successfully developed 28 WWTPs and WSSPs across India in the last seven (7) years, including 22 projects of 10 MLD capacity and above. **Competitive strengths:** a) In-house design, engineering, and execution team. B) Growing presence in existing regions with new projects. C) Diversified order book of projects across India. D) In-house execution capabilities with on-time delivery and an established track record of consistently increasing eligibility for high-value project tenders. E) Use of advanced technologies in the construction and installation of WWTPs or WSSPs. F) Experienced promoters and senior management team. G) Consistent financial performance. The company has an in-house team for designing, engineering, and construction. The company has a team of 180 engineers supported by external consultants and industry experts.
